1

Fold the paper

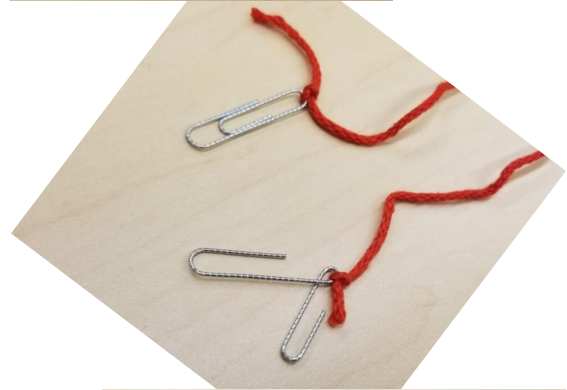

Follow the included steps to fold the paper frog.
Draw some eyes too!

2

Tie the Fly

Tie one end of the string to a paperclip. Spread the clip to make fly wings.

3

Tape the tongue

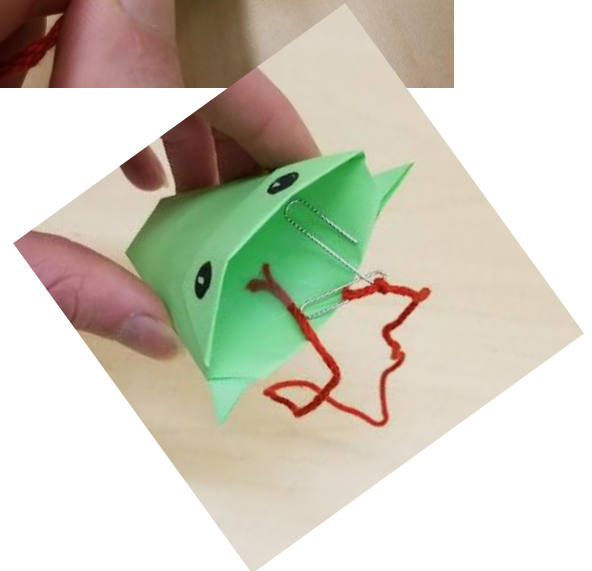

Tape the other end of the string to the inside of the frog's mouth.

4

Toss and catch!

Squeeze the frog's sides to open the mouth, then see if you can swing and catch the fly!

Follow the steps to fold the paper frog (using the 'cup' base).

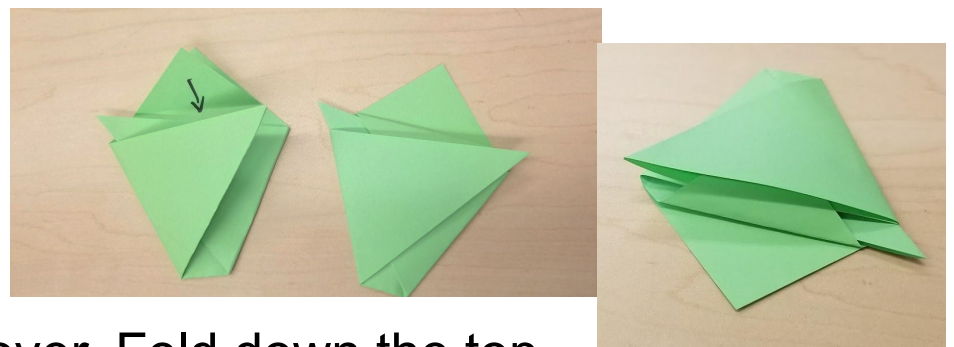

- 1 Fold diagonally to make a triangle.

- 2 Pull the pointed sides across to make little front feet for the frog.

- 3 Pull the top point down and tuck it into the flap opening.

- 4 Turn your frog over. Fold down the top point twice to make the bump for your frogs eyes.
