## Kids Make It!

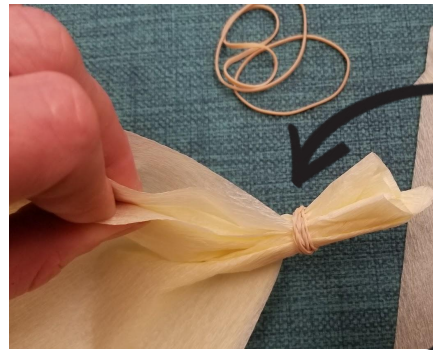

at the Library

for kids 7 and older

### 1 Count and bind

Bundle 3 cornhusks with the narrow ends together. Bind about an inch from the top.

*This bundle is wrapped inside.*

### 2 Flip and bind

Flip your cornhusks so what you just tied is wrapped in the center. This is your head! Bind around the neck.

*Tear a strip and roll it up.*

### 3 Add Arms and bind

Roll a torn narrow corn husk and slip it between what you've tied. Slide up to the neck. These are the arms! Bind under the arms and you have your body.

### 4

Now you can make it your own!  
Split and twist legs, color a face, add some hair.
