

## **VOLUNTEER POLICY**

**Adopted 06/10/1987; Revised 06/13/1990; 05/11/1994; 11/13/2002**

Volunteers at the Jefferson County Library bring the library enthusiasm, energy, added talents, and a fresh perspective.

Volunteer service aids the library in making the best use of its fiscal resources and contributes to sound working relationships with other agencies and community groups. Volunteers are liaisons to the community and by their contribution are advocates for quality library service.

Volunteers enhance but will not replace staff employed by the Library District. They enrich the library's offerings, rather than provide basic service.
